

NWTD News - October 2024

The North West Transmission Developments (NWTD), being progressed by TasNetworks, include 240 km of new and upgraded transmission lines and other energy infrastructure that will increase the capacity of Tasmania's electricity network.

The developments will support our renewable energy future. [Watch explainer video](#)

Contingent Project Application submitted to the AER

TasNetworks has submitted the Contingent Project Application (CPA) to the Australian Energy Regulator (AER) to obtain the revenue allowances necessary to undertake early works associated with Stage 1 of the North West Transmission Developments (NWTD).

Thanks for having us, Burnie!

Our team had a great time at the Burnie Show despite the wet weather. It was a pleasure engaging with community members about the NWTD project and the broader work we do at TasNetworks.

Thanks to those who asked questions or provided us with valuable feedback, particularly around our recent storm response.

Wynyard Tulip Festival in full bloom

The Wynyard Tulip Festival bloomed earlier this month with huge crowds of people attending to join in the fun!

Our team enjoyed chatting with community members interested to know more about TasNetworks and the NWTD project.

We even had some furry friends stop by, as well as the [Tasmania SES Mascot](#), Paddy Platypus!

Upcoming Engagement

[Tasmanian Craft Fair \(1 - 3 Nov\)](#)

[Taste of the North West \(9 Nov\)](#)

If you can't make it along, feel free to reach out to us with any questions about the NWTD project. We're here to keep the conversation going. Email nwtd@tasnetworks.com.au | www.tasnetworks.com.au/nwtd

Information Pack

Our community information pack provides key information about the North West Transmission Developments project, available on the TasNetworks website.

RAW Conversations change lives
1800 729 827

Rural Alive & Well (RAW) is passionate about building healthy and resilient rural communities.

RAW specialises in delivering proactive outreach and one-on-one psychosocial support that addresses situational stressors and increases protective factors, to minimise the risk of suicide.

RAW is 'non-clinical', genuine and non-intrusive. The service is confidential with no fees for participants.

RAW's staff have first-hand experience with the complexities of living and/or working in rural, remote and primary industry sectors. Staff each have backgrounds in Tasmanian Dairy, Livestock, Cropping, Mining, Wool Production, Forestry, Transport and Seafood.

If you feel that your gauge has been running in the red for too long, it's time to reach out to RAW.
